## *It Matters More Today Than When We Launched!*

In October of 2022, FAB launched an ambitious five-year campaign to raise \$3 million to enhance the impact of the arts in our community. The State of Florida recently stunned the arts and culture community by cutting \$33 million dollars in funding from its 2024-25 budget. In Broward County, the loss of \$3.3 million in arts funding this year has resulted in a \$30 million economic impact and directly affected more than 50 arts organizations.

Despite recent increases in private funding, significant needs persist as arts organizations continue to grow. FAB is the only privately funded organization in Broward County that is dedicated solely to supporting, sustaining and encouraging the arts in our community. In the 21 years of service to the arts, FAB has awarded \$5 Million to 77 different arts non-profits.

FAB was founded in 2003, to fill the gaps created by declining public funding of the arts. Over the years, Florida has gone from #3 in the nation for supporting the arts, to near the bottom. We can't fill the gaps without you.
