

BE THE
SPARK

FAB's 20th Anniversary Campaign

fAb!20th
Anniversary
Celebrating 20 Years of Giving

A MESSAGE FROM FAB FOUNDING CHAIR

Take a moment. Use your imagination. Picture how the arts can grow and infuse even more energy into our dynamic community.

In 2003, I had a spark, a lightbulb moment, which ignited a fire within me and a group of 74 other arts lovers in Broward to sustain the integrity of the arts. Budget cuts put Broward in a vulnerable place where art culture was at risk. As an artist I want everyone to enjoy and participate in the arts. We had an opportunity at that time to invest in our community. Right now, each of us has another unique opportunity to ignite a new era of arts support and philanthropy in Broward County by becoming part of an exciting new campaign of Funding Arts Broward's (FAB) **"BE THE SPARK"** campaign.

The campaign goal is to raise \$3 million over the next five years. The impact of this campaign will elevate support for the arts by doubling the amount of performing and education grants, by encouraging collaboration among funders and arts organizations, and will help create an endowment fund through the Community Foundation of Broward. The future for arts and culture will burn ever brighter in our vibrant, diverse, and inclusive community. It will be woven into educational programs that create opportunities for children and young adults, now and for generations to come.

The timing could not better to launch this campaign as FAB begins to celebrate its 20th anniversary of giving this year. By joining with me, you will be a part of an exciting initiative that will transform the arts in our community now and ensure that FAB continues to strengthen its mission to support, sustain, and enrich the arts for another 20 years.

We invite you to join us and **"BE THE SPARK"** that ignites the **ARTS** in Broward!

Francie Bishop Good,
FAB Founding Chair and
Honorary Spark Campaign Chair

FAB'S MISSION

To Support, Sustain, and Enrich the **ARTS**
in our Community.

FAB'S VISION

Through a diverse, dynamic, and engaged membership, **Funding Arts Broward** will be recognized as the Leading Arts Ambassadors in Broward - nurturing, supporting, and promoting the arts in our community.

FAB OVERVIEW

Funding Arts Broward was founded in 2003 by artist and philanthropist Francie Bishop Good who was joined by a group of 74 dynamic arts enthusiasts to provide much-needed financial support to local visual and performing arts programs.

FAB connects members to the broader arts community through exposure to programs and performances throughout Broward County.

Grant funding is accomplished from FAB's nearly 200 members, Corporate Partners, Individual Donors, and Private Foundations.

FAB'S IMPACT

In 2004, FAB's first grant pool raised and awarded \$75,000 to the Broward arts community. Almost 20 years later, FAB has continued to grow and has awarded over \$4 million to 65 arts organizations.

YOUTH IMPACT

Art sparks a child's interest in a new subject, teaches and develops life skills, creates an environment that promotes discussion, ignites collaboration, and inspires creativity.

ENTERTAINMENT IMPACT

Performances and exhibitions enlighten lives, relieve stress, lift spirits, and often inspire involvement in the community.

SOCIAL IMPACT

Art invites people to broaden the dialogue, to tell diverse and inclusive stories that instill a sense of connectivity. Art has the power to spark engaging and beneficial conversation including diversity, equity, and inclusion.

ECONOMIC IMPACT

Broward County's non-profit arts and culture sector is a \$141.2 million industry, supporting more than 11,000 full-time equivalent jobs and generating more than \$40 million in revenue for Broward County.

“

FAB is a wonderful example of a grass roots organization that is having a profound impact on the arts in Broward County. The members are actively involved in different organizations, in attending performances, and in granting funds to benefit the community. They have the pulse on so many aspects of the arts and on up and coming as well as long established organizations. They share a personal and deep connection with the artists and the organizations. The Community Foundation values FAB as a partner in supporting a growing, dynamic and diverse art community so that we all can savor artistic experiences throughout the county.

”

Jennifer O'Flannery Anderson
CEO/President Community Foundation of Broward

A woman with long dark hair, wearing a wide-brimmed green hat and a pink and white striped off-the-shoulder crop top, is standing outdoors and drawing on a wall covered in graffiti. She is holding a white marker in her right hand. The background shows a wooden fence and some outdoor furniture.

**“BE THE SPARK”
OVERVIEW**

FAB is celebrating its 20th Anniversary by launching the "BE THE SPARK" Campaign an ambitious plan to transform arts support in new and innovative ways.

Increase current levels of program and education grants.

Ignite strategic collaboration with other art funders and encourage new projects.

Invest in the future of the arts through an endowment at the Community Foundation of Broward and ensure the future of FAB's ability to support the arts.

"BE THE **SPARK**" CAMPAIGN GOALS

\$ 3 MILLION OVER 5 YEARS

EXPAND

Increase the existing grant caps for FAB's longstanding "Program Grants" and fund the "Education Grants" program. Expansion helps ensure that all in our community can find inspiration, entertainment, and connection through the arts.

BUILD

Introduce a multi-year "New Works" grant category to foster creativity, and initiate collaborative grants to develop strategic relationships between other funding partners interested in advancing the arts in our community.

INVEST

Investment in the development of art philanthropy in Broward County. To reach this untapped potential is important. Further investment in FAB's infrastructure is necessary to support new initiatives.

ENDOW

Creating an endowment is a strategic step for FAB that will enable planned multi-year grant support, continued program and education grant support, and FAB's infrastructure support.

“ At Northern Trust we believe it is important to support organizations that enhance the quality of life in Broward. FAB is one of those organizations! Having a strong local art based advocate like FAB is crucial for the health of our community. ”

Eric J. Vainder, Senior Market Executive for Northern Trust

Spark Campaign Total Giving Levels

WE INVITE YOU TO "BE THE SPARK"

Gifts of all sizes will ignite change and make a significant impact. Be a part of an exciting initiative that will transform the arts in our community now and ensure that FAB continues to strengthen its mission to support, sustain, and enrich the arts for many more years to come.
